INTRODUCTION

Hi Pen,

Welcome to our project. We intended to build a more robust website with www.robustDigital.Expert but while we are gathering requirements for this project we decided to start training with www.robustdigitalexpert.com

Initially, it was to train selected digital courses. When we started selling on the first week of running Ad Campaign 2553 click landed on our site, but they refused to purchase any of our courses. On further investigation we found out that prospects wanted mentoring. We have decided to include mentoring, create a student dashboard, admin dashboard, and mentor dashboard.

I will try my best to describe all the requirement needed for your customisation. The presentation here will be a kind of wireframe as it will direct you to the specific needs. You as an expert can direct us to what will function best. You can contribute to the product; it is one of the reasons we are giving this contract to you. We have been disappointed by some developers. We have other developers that would have used as the next to start, but Francis sold you to us and we cannot say no.

LOGO

We need to add our logo on the top left of the Home Page like it is done in www.arsenal.com. Your suggestion and expertise is welcome.

ADD HOME PAGE TAB

From the picture above we need Home Page so prospect can navigate. It should be consistent in all the pages.

There should be three kind of login:

1. Student login
2. Admin login
3. Mentor login

The Admin should have an option where if they are mentors, they can have access to their mentor area and manage even when signed in as admin.

CONTACT

Send us your message.

Our sales and enquiry team will get back to you as soon as possible

The information you provide shall be processed by Robust Digital Expert – a professional training company. Your data shall be used by a member of staff to contact you regarding your enquiry.

Business Analysis £432 (Inc. VAT) <input type="checkbox"/>	Project Management £574.56 (Inc. VAT) <input type="checkbox"/>	Scrum Master £574.56 (Inc. VAT) <input type="checkbox"/>
Scrum Product Owner £574.56 (Inc. VAT) <input type="checkbox"/>	Digital Marketing £574.56 (Inc. VAT) <input type="checkbox"/>	Product Manager £583.20 (Inc. VAT) <input type="checkbox"/>
Programme Manager £583.20 (Inc. VAT) <input type="checkbox"/>	DevOps Engineering £648.00 (Inc. VAT) <input type="checkbox"/>	Big Data Analysis (Inc. £574.56) <input type="checkbox"/>
Six Month Free Mentoring <input type="radio"/>	One Year Mentoring £252 (Inc. VAT) <input type="radio"/>	

1. There will be a three months dropdown list for candidates to tick and select the month they would like to start their training. List will be automated on the first day of each month to show the next three months in a row. We want to start with May as our first month to give us enough time for the Ad Campaign.
2. The candidates can choose or select the courses they want to choose. When they tick the tick-box it adds to the shopping basket.
3. We should be able to select the courses that will run in any month from the backend, and we should be able to add new courses on the list with time.
4. we should be able to adjust or amend our prices. There should be facility for discount codes or discount to be applied.
5. We should be able to run a banner advert or inform prospect that if they select all the courses they should get a discount or we create an amount for them that will be a profit so they are encouraged to select all our courses.

6. We can create banners that will prompt a prospect who is about to leave our website without purchasing with a CTA with discount to encourage them to enrol in at least one of our courses.
7. Candidates can select either a six month or one-year subscription. The six months should be a default unless the candidate decides to check the paid version.
8. The six month is free, but we can decide to cost it later. Your customisation should be flexible and easy to edit as per our marketing target at any given time. we should be able to change the duration.
9. Discount for number of courses should be automated.

STARTING MONTH

Please Select the Month you are starting the training

The image shows a dropdown menu for selecting a starting month. The options are March, April, and May. May is circled in red, and a red arrow points from it to the word 'Start' written in red.

We have decided to enrol students or prospective candidates monthly.

USER JOURNEY

USER JOURNEY FROM COURSE SELECTION TO PAYMENT

1. Prospect land on our page to view our courses
2. They select the options needed which is added to their shopping basket
3. They click to continue, and a split window shows details of their shopping basket and for prospects to sign in or create new account if they are new. Option to retrieve accounts if they forgot their long in details
4. Prospect fills out details and continue
5. Prospects are given the different option to pay
6. Prospects make payment and they receive their receipt in their email or have the option to download their receipt
7. There should be a way for prospect to contact the office if they want to pay by instalment. This will be done manually from the back office
